Fare con passione, innovazione, ma soprattutto “responsabilmente”. Mettere al centro dei processi la qualità della vita, producendo capi che puntino a far sentire sicure e a proprio agio le persone nella vita professionale e nel tempo libero è la nostra missione quotidiana. Per questo, **i temi della Sostenibilità e della Responsabilità Sociale d’Impresa sono diventati tratti salienti della governance aziendale, intraprendendo un fruttuoso percorso di certificazioni internazionali e di “best practice” orientate allo sviluppo qualitativo, sostenibile, etico.** Tutto questo si traduce nella capacità di integrare le proprie attività di business con il rispetto e la tutela degli interessi delle comunità con cui Payper si relaziona, ma anche con la salvaguardia delle risorse ambientali e la loro conservazione per le generazioni future.

L'obiettivo aziendale, nel medio termine, è **il raggiungimento del 100% della produzione di capi eticamente certificati**. Per questo, l'azienda ha aderito al programma **Better Cotton**, investendo sulla **produzione di articoli in cotone sostenibile**, con un'attenzione particolare alla salvaguardia delle comunità agricole e al controllo delle pratiche utilizzate. Indossare la taglia corretta di un indumento significa sentirsi a proprio agio in ogni contesto. Per identificarla, consigliamo di **prendere le proprie misure a diretto contatto con il corpo e successivamente di consultare le tabelle seguenti**, all'interno delle quali sono riportate anche le conversioni tra le diverse scale taglia.

La tabella TOP va consultata per gli articoli che vestono la parte superiore del corpo, ad eccezione delle camicie sartoriali a cui è dedicato un prospetto dedicato. **La tabella PANTALONI racchiude, invece, le informazioni relative a pantaloni, jeans e**

bermuda sviluppati in centimetri. Per quelli sviluppati in pollici va esaminata la specifica tabella. **Gli articoli per BAMBINI, infine, dispongono di un'apposita tabella**, nella quale è indicata un'età di riferimento.

In caso di dubbio tra due taglie, si consiglia di scegliere quella leggermente più ampia, per garantire una maggiore libertà di movimento. **È bene comunque provare l'articolo desiderato prima di procedere con l'acquisto e la personalizzazione.** Le vestibilità possono, infatti, variare a seconda del modello, del tessuto o del trattamento eseguito.

Wearing the correct size of a garment means feeling comfortable in any situation. To identify it, we recommend **taking your measurements in direct contact with the body and then consulting the following tables**, which also show the conversions between the different size scales.

The TOP table should be consulted for items that dress the upper part of the body, with the exception of tailored shirts for which there is a dedicated table. **The TROUSERS table**, on the other hand, **contains information on trousers, jeans and**

Bermuda shorts given in centimetres. For those in inches, the specific table must be referred to. Finally, **CHILDREN'S items have a special table**, which details the age of reference.

If in doubt between two sizes, we recommend choosing the slightly larger one, to ensure greater freedom of movement. However, **it is a good idea to try on the desired item before proceeding with the purchase and customisation**. In fact, the fit can vary depending on the model, the fabric or the treatment carried out.
